PARKING LOT SURVEY RESULTS

The Office of Employee Support has compiled the results of the weeklong survey of the Cannon Building parking lot. The survey was completed to determine the usage rate of the current parking lots, who is using the parking lots and determine if more parking is needed. For a complete report of the parking lot survey and recommendations, please visit DOHnet, Employee Services, Employee Support at www.health.utah.gov/dohnet4 For more information, please contact Kim Wixon at 538-9310.

BIRTH CERTIFICATES NOW AVAILABLE FOR STILLBORN CHILD

Recent legislation has provided the opportunity for parents to request a birth certificate for a child that was stillborn. This commemorative certificate will be issued on request. The Office of Vital Records has the capability, using existing hospital data records, to issue this new certificate for a stillborn child from many years ago. For more information, please contact Barry Nangle at 538-6907.
